

## **IRP RESEARCH GRANTS 2024-2026 – FAQ**

### **1. Who is eligible to apply as IRP Researcher?**

To be considered as an eligible “IRP-based Researcher”, candidates should be working in IRP research laboratories as PIs or under the supervision of an IRP PI/Group leader.

### **2. What does it mean that the GRANT consolidator and the advanced Grant are co-financed 20%?**

Fondazione Città della Speranza Onlus has made 20% co-financing available for these two categories of contributions, provided by companies selected by the Foundation. Recipients pledge to periodically inform the companies that have co-financed their projects about the progress of activities and goals achieved, to incentivize the co-financing companies to support the project throughout its duration.

### **3. What does it mean for recipients to commit to participate in fundraising events sponsored by the Fondazione Città della Speranza Onlus?**

Fondazione Città della Speranza Onlus involves the recipients of all categories of the Scientific Direction Call 2024-2026 in selected events with companies in the field and in events to raise awareness of pediatric scientific research, with the aim of attracting possibilities for co-funding of the current and future activities of the Pediatric Research Institute.

### **4. Where should the applicant include the use of IRP Facilities in the budget table?**

IRP Facilities costs have to be described in “Other”.
